

## Ariel

Hilperton Marina

£17,500

A 44ft 1935 / 1995 W.J. Yarwood & Sons and Warwickshire Fly Boat Co. 2 berth traditional stern narrowboat.

Ariel offers a rare opportunity to own a historic boat with lots of character.

Originally a working boat, Ariel is a 44ft traditional style narrowboat, which was originally built in 1935 by 'W.J. Yarwood & Sons' of Northwich for the 'Midlands and Coast Canal Carrying Ltd'. In 1938, the company was taken over by Fellows, Morton & Clayton Ltd, before once again changing hands with the nationalisation of the waterways, becoming No. 735/7 of British Waterways NW Division.

The original 1935 section of the hull is constructed with a solid elm base-plate and riveted iron hull sides. In 1995, the stern was replaced by 'Warwickshire Fly Boat Co' and in the same year the 1950's Ruston & Hornsby 2YWA diesel engine was installed.

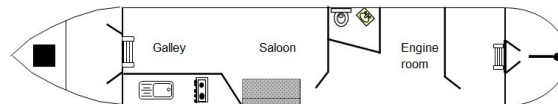

The rear cabin area is a fully welded construction and the front section is covered by an A-frame lined with Tongue & Groove with clear ceiling. The interior is spacious and open plan and set out in a manner to show off the construction, engine and drive train.

Ariel is fitted out in a basic manner, sympathetic of her age and heritage but still has ample scope for the new owner to stamp their own identity.

In the main cabin is a worktop fitted with a stainless steel sink and a gas hob, along with a bench seat that can also be arranged to be used a double bed.

In the rear is what would have been a boatman's cabin which still has a solid fuel stove fitted.

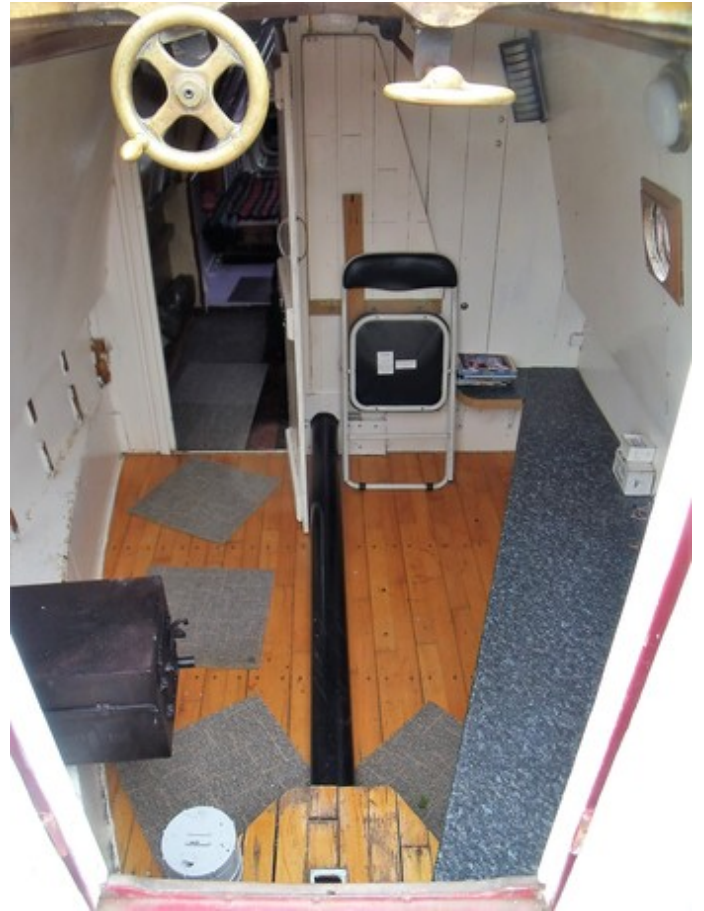

12 months leisure mooring for the price of 9 at Gayton, Anderton, Alvechurch or Kings Orchard Marina when purchasing this boat. To view, please contact Hilperton Marina.

Overall length	44 feet
Beam	7 feet 1 inches
